## FACTS - NUMBERS DON'T LIE

# WEEKLY DUAL TEAM UNITS

The diagram breakdown on the next slide will illustrate:

- ❖ How units add up every time a new account holder purchases a bronze package.
- ❖ The unit balance remaining on each team after every weekly cycle bonus payout.

In a nutshell it displays why this 12 week plan is fail-proof if you follow steps 100%. Especially the completion of steps 3 and 4 in 7 days! Your commitment to purchase a bronze package and find 2 new account holders in 7 days (one week) is the two main components to successfully generating the return on investment displayed in 90 days or less!

As you can see this is simple mathematics exponential growth. Some people will complete this plan in 12 days or 12 months, but why take 365 days to do something that can be done in 90 days or less. This 12 week action plan was specifically designed for those that want to make huge income fast.
